Sir,

With reference to your letter No.G.16947-8 dated 7th June 1918 enquiring whether powers similar to those conferred on the Comtroller of Civil Supplies and prices in Mysore should be conferred on the Vice President of the Sanitary Board, I have the honour to state as follows:--

If the war continues for a considerable time, the control of Civil supplies and prices will become more and more necessary and the volume of returns etc to be called for and examined will grow, and it will then be inconvenient for the Deputy Commissioner by himself to issue notices to traders and obtain and scrutinise reports received. It will become necessary,therefore, to empower local officers,viz.,Amildars of Taluks and the Vice President of the Sanitary Board to call for the returns and scrutinise them and make reports. The Deputy Commissioner can exercise a general revisional jurisdiction and see that unnecessary reports are not called for and only as much control as is absolutely necessary is being exercised.

2.With regard to Clause c Rule 3 B (2), powers do not seem to have been conferred on the Deputy Commissioner. This power has to be conferred on the Local authorities. A case in point as was mentioned to me the other day on the Kolar Gold Field. Wholesale dealers sold

rice to retail dealers at a reasonable price and went away by train, and the retail dealers at once raised the price to an unreasonable extent. If a price for sale has been fixed under clause b of Rule 3 B (2), the local authority can at once require the traders who are making undue profits to place their stock at his disposal at the fixed price. If a power exists in a local authority to take prompt action, it will often be unnecessary to resort to the power, as the merchants recognising the existence of the power will themselves act in a reasonable manner.

3. Under the circumstances explained, I beg to request that powers under clause a and c may be conferred on the Vice President of the Sanitary Board and also on the Amildars of Taluks, it being under stood that the orders of the Vice President and the Amildars of Taluks will be subject to revision by the Deputy Commissioner and President. The Controller of Civil supplies and prices in Mysore may exercise a general jurisdiction over all orders.

4. A copy of this letter has this day been forwarded to the Controller of Civil Supplies and Prices in Mysore.

I have the honour to be,

Sir,

Your most obedient servant,

Deputy Commissioner,
